

# SASKPOWER TRANSMISSION LOAD INTERCONNECTION PROCESS

The following information outlines the steps transmission customers need to take to connect to our system

## Stage 1: Transmission Load Interconnection Request Application (\*7 Days)

### Interconnection Customer will:

- Submit Transmission Load Interconnection Request Application (including attachments)

### SaskPower will:

- Acknowledge receipt of the Interconnection Request

## Stage 2: Transmission Load Interconnection Scope (\*15 Days)

### Interconnection Customer will:

- Reconcile application deficiencies as soon as possible
- Attend application review meeting

### SaskPower will:

- Advise Interconnection Customer of application deficiencies
- Facilitate application review meeting with Interconnection Customer

## Stage 3: Transmission Load Interconnection Assessment (\*120 Days)

### Interconnection Customer will:

- Review Load Interconnection Assessment Report and attend review meeting
- Decide to proceed to Project Definition Phase or Cost Recovery Agreement

### SaskPower will:

- Provide Interconnection Customer with Load Interconnection Assessment Report
- Facilitate Final Report Review Meeting

## Stage 4: Transmission Load Interconnection Definition Phase

### Interconnection Customer will:

- Sign and return Definition Phase Agreement
- Pay Definition Phase invoice
- Review Definition Phase Summary Report
- Request Definition Phase Summary Report review meeting (if req'd)
- Decide to proceed to Cost Recovery Agreement

### SaskPower will:

- Draft Definition Phase Agreement
- Execute Definition Phase Agreement
- Invoice Interconnection Customer Definition Phase costs based on Load Interconnection Assessment
- Complete Definition Phase Summary Report

## Stage 5: Transmission Load Interconnection Cost Recovery Agreement

### Interconnection Customer will:

- Sign and return Cost Recovery Agreement
- Pay Cost Recovery Agreement invoices

### SaskPower will:

- Draft Cost Recovery Agreement
- Execute Cost Recovery Agreement
- Invoice Interconnection Customer Cost Recovery Agreement costs

## Stage 6: Transmission Load Interconnection Construction Phase Agreement

### Interconnection Customer will:

- Complete tasks as set out in Cost Recovery Agreement
- Pay final invoice

### SaskPower will:

- Construction activities to connect Interconnection Customer
- Invoice Interconnection Customer final costs upon construction completion
